

Proper Disposal of UNUSED MEDICATIONS

Why?

-  Misused or stolen medications can lead to overdose and/or addiction
-  Expired drugs can be ineffective and/or harmful
-  Some medications can be toxic to the environment

How?

-  Medication Drop Boxes
-  Dispose RX Packets

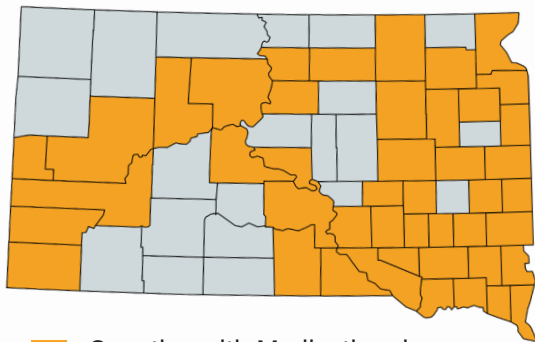

**See reverse for
more information**

Counties with Medication Drop Off Sites

 Counties with Medication drop off sites. *Note: Sites continue to be added, so visit the website for the most up-to-date listing of Drop Off Sites.*

Medication drop off sites are available across South Dakota. For a complete listing of drop off sites and addresses, visit www.AvoidOpioidSD.com and click on "Take Action"

DisposeRx™

DisposeRX Packets contain a powder that mixes with warm water and unused pills to create a biodegradable gel that can be thrown in the trash. Free to order from the [Avoid Opioid SD website](http://www.AvoidOpioidSD.com) (see link below):
