

STRATEGIES SUPPORTING OPIOID AWARENESS, PREVENTION, AND TREATMENT¹

TREATMENT

 More than 950 individuals have been treated for opioid addiction by key partners or state-contracted agencies.

PREVENTION

 Over 10,000 individuals have participated in evidence-based awareness and education programming.

LIVES SAVED

 More than 500 individuals had an improved response in their condition after administration of Naloxone by EMS personnel.

Treatment for Opioid Use Disorder

Connection to Resources

For Care Coordination, call the SD Resource Hotline at 1-800-920-4343

Peer Recovery Supports

To access services, call the SD Resource Hotline at 1-800-920-4343

Recovery Support Systems

To learn more, contact the Division of Behavioral Health at 605-367-5236

KEY PARTNERS

- Project Recovery
- Lewis & Clark Behavioral Health Services
- Center for Family Medicine in partnership with South Dakota State University
- Avera Health

- The Helpline Center

- Face It TOGETHER
- Project Recovery
(for clients engaged in Medication-Assisted Treatment)

- Bethany Christian Services
- Oxford House Inc.

STRATEGIES

- Promote capacity building efforts to develop Medication-Assisted Treatment (MAT) and supporting services, including case management and peer supports.
- Provide training and education for addiction treatment professionals on MAT.
- Develop telemedicine-based MAT services statewide.
- Answer and triage all calls to the SD Resource Hotline (staffed 24/7).
- Develop and maintain a searchable online database that includes statewide resources for substance use awareness, education, and treatment.
- Connect those seeking assistance to resources through Care Coordination.
- Provide effective, science-based peer coaching for people living with addiction.
- Integrate peer recovery support services within MAT clinics and other acute or treatment settings.
- Increase access to peer coaching through technology.
- Support expectant and new mothers impacted by opioid or stimulant use through evidence-based specialized case management.
- Develop new MAT-friendly recovery homes using the Oxford House model.
- Establish an Oxford House State Chapter to support new and existing homes.

If you or someone you know is struggling with addiction – don't wait. Reach out.

KEY PARTNERS

- SD Department of Health, Office of Rural Health
- Law Enforcement and Emergency Responders statewide
- SD Board of Pharmacy

- Health care systems
- Addiction treatment professionals and agencies
- Professional associations

- Avera Health
- University of South Dakota

- Hot Pink, Ink.
- KAT Marketing and GoodHealthTV®

- Prevention Resource Centers
- Community-Based Prevention Providers
- Boys and Girls Clubs
- Institutions of higher education

- Prevention Resource Centers
- Community-Based Prevention Providers
- Boys & Girls Clubs
- South Dakota State University Extension

STRATEGIES

- Host trainings for emergency responders to receive education about recognizing and responding to a suspected opioid overdose.
- Increase access to naloxone for anyone at risk of an opioid-related overdose.
- Equip emergency responders across SD with NARCAN® for use in a suspected opioid overdose.

- Increase access to training and education events for professionals who serve populations affected by opioid abuse/misuse.
- Support technical assistance for providers seeking to integrate MAT into their practice.
- Support all state contracted substance use disorder treatment agencies in being MAT-capable.

- Build capacity for Project ECHO in South Dakota, which provides a hub-and-spoke knowledge sharing approach where expert teams lead virtual clinics.
- Support continuation of existing ECHO hubs in South Dakota in the areas of addiction medicine and alternative pain management strategies.

- Broadcast PSAs and other media statewide, featuring treatment approaches and access.
- Deliver targeted messaging for American Indian youth and adults regarding the dangers of opioid misuse.
- Promote opioid awareness and education using targeted social media strategies.

- Deliver evidence-based opioid awareness and education programming through prevention and awareness events in schools and communities.
- Provide education on safe disposal strategies for unused or expired medications.
- Support communities as they work to address the opioid crisis at the local level.

- Deliver evidence-based opioid awareness and education programming to middle- and high-school youth.
- Partner with after-school programs to integrate evidence-based prevention curriculum
- Create and deliver culturally reflective and age-appropriate educational campaigns.
